Honorable Senator,

Canada was built on the understanding of human rights and fundamental rights. These are God given rights and can not be taken away. The British system, adopted by Canada, having taken centuries to develop, is the standard for our entire legal system. The Canadian Bill of Rights enshrined these rights and were given Royal Ascent long ago. This common law is the basis of our entire civilization and legal system. Without it we would not have a functioning democratic and free society.

Preamble - Canadian Bill of Rights

"The Parliament of Canada, affirming that the Canadian Nation is founded upon principles that acknowledge the supremacy of God, the dignity and worth of the human person and the position of the family in a society of free men and free institutions;

Affirming also that men and institutions remain free only when freedom is founded upon respect for moral and spiritual values and the rule of law;

And being desirous of enshrining these principles and the human rights and fundamental freedoms derived from them, in a Bill of Rights which shall reflect the respect of Parliament for its constitutional authority and which shall ensure the protection of these rights and freedoms in Canada:

A Canadians decisions as to what we place on our body and what we take into our body is our decision alone. No acting authority can dictate to Canadians what to place on their face or what to put into our body. That is a sovereign choice of each individual and must be respected. "

A mask and a vaccine are both medical treatments. The mask, being Personal Protective Equipment is legally termed as a medical device, therefore, a medical treatment. The vaccine has always been a choice in Canada due to our Bill of Rights. Even in a emergency state the government has no right to force or coerce nor impose any medical treatment. Canadians have an unalienable right to choose or refuse medical treatments and to travel freely. These unlawful mandates, orders and passports have caused irreputable harm to millions of Canadian including suicides, vaccine injuries, mental health issues, business closures and lost income etc.

The Canadian Medical Act – Code of Ethics clearly states that an individual has a right to chose medical intervention or to refuse medical treatments. This is a fundamental God given right. The mask and vaccine have been proven to not be effective in protecting nor reducing transmission. It is time to learn to live with the virus and stop the erosion Canadian's rights. Atlas, finally to end the discriminatory practice dividing our country into have or have not's and creating a new avenue of prejudice.

The orders, mandates and vaccine passport have no legal basis to exist in a free and just democratic country as Canada. Therefore, Canadians are respectfully demanding that all mandates, orders and vaccine passports be cancelled in Canada. The Freedom Convoy is not a fringe minority of racist misogynistic extremists. The Freedom Convoy represents all Canadians who clearly observe the politicalization of medical procedures by Justin Trudeau and oppose this attack on our Constitution, Charter and Bill of Rights.

The Freedom Convoy and the multiple other convoys in Canada are peaceful protests comprised of Canadian citizens exercising their right to protest unlawful legislation. Trudeau's claim the Freedom Convoy constitutes a national emergency that requires national effort is unacceptable. Canadians have the right to speak up and oppose any law which is against our Constitution, Charter and Bill of Rights. Canadians do not want Canada to descend into martial law, or some sort of Soviet police state. Foreign interests such as The World Economic Forum run by Klaus Schwab have an interest in destroying Canadians sovereign rights as stated in their documents: Agenda2030, Agenda2050 and others. Foreign agenda is not what Canadians have consent to nor approved to. Any members in our democratic government who are members of foreign entities is a conflict of interest and should be removed from our government. North Korea is not the vision for the future Canadian seek.

Canadians are asking Senators to please vote "no" to the enlisting of the Emergency Act. Instead, Canadians would like to have an independent inquiry to study the legitimacy of the unlawful mandates as to the Bill of Rights and the Charter of Rights and Freedoms in Canada. And as Brian Pectford suggested, refer the mandates, orders, and passport to the Supreme Court of Canada to determine their Constitutionality.
